This map includes Oklahoma Tribal Statistical Areas as delineated by the U.S. Census Bureau. Although these areas are associated with particular tribes and tribes have certain jurisdictional authorities and treaty rights in these areas, many Rural Development investments in these areas only in part benefit American Indians, or in fact may not benefit any American Indians or Tribes. Please contact Rural Development's Native American Coordinator or Rural Development Staff in Oklahoma to verify whether or not particular investments within Oklahoma Tribal Statistical Areas are indeed investments benefitting American Indians.
