#### Next County Committee Meeting: Dec. 8, 2016

The annual, timely and accurate reporting of acres for all crops and land uses, including failed acreage, can prevent loss of benefits for a variety of Farm Service Agency programs.

Conservation Reserve Program acreage must be reported to receive annual rental payments. Crop acreage for Non-insured Crop Disaster Assistance Program (NAP) must also be reported.

Crop reports, form FSA-578, Report of Acreage, must account for all cropland on a farm, whether idle or planted. In Wyoming, producers need to file their 2017 acreage reports for spring seeded crops and CRP by July 15, 2017.

**Prevented Planting:** Prevented planting needs be reported no later than 15 calendar days after the final planting date.

**Failed Acreage:** Reports of failed acreage must be filed before disposition of the crop, and producers must be able to establish to the satisfaction of the county committee that the crop failed and was prevented from being replanted through the normal planting period because of natural disaster conditions.

#### 2015 and subsequent years' acreage reporting deadlines:

- **Spring seeded crops and CRP-July 15**
- **Perennial Forage, PRF, Fall Wheat, and all other Fall-Seeded Small Grains-November 15**

This means your 2017 perennial hay/forage crops and winter wheat reporting deadline will be November 15, 2016. (This includes all hay crops and pasture)

## Farm Loan Program Information

Farm Service Agency (FSA) has loan programs that could help farmers and ranchers experiencing financial problems in today's economy of tight profit margins. Several types of loan programs are offered through FSA.

Under the Guaranteed Loan program, FSA guarantees farm ownership, term operating loans, and lines of credit used for annual operating through conventional agricultural lenders for guarantees up to 95%. The guarantee generally allows the conventional lender to provide the applicant with longer terms and lower rates of interest. All applicants must meet certain qualifying criteria to be eligible for guarantees. Farmers and ranchers interested in Guaranteed Loans should apply directly with a conventional lender, who arranges for the guarantee.

For those unable to qualify for a Guaranteed Loan, FSA offers Direct Loans, which are made and serviced by FSA officials. Funding is limited for Direct Loans, and applicants must sometimes wait until funds are available. To qualify for a Direct Farm Ownership or Operating Loan, the applicant must meet eligibility criteria and have sufficient repayment ability and loan collateral. FSA will work with you to analyze your situation, provide technical assistance, and tailor loans to meet your needs.

Youth between the ages of 10 and 21 may also apply for a direct loan up to \$5,000 associated with their 4-H, FFA, or other youth organization activities.

Farm Service Agency is an Equal Credit Opportunity Lender. Beginning farmers and members of traditionally underserved gender and ethnic groups are encouraged to apply for guaranteed and/or direct loan assistance from FSA. Each year, farm ownership and operating loan funds are temporarily set-aside to meet the needs of beginning farmers and traditionally underserved groups.
