## 2017 Acreage Reports

You will be receiving an appointment card to file your 2017 Fall Acreage Reports soon. Please take a moment to make sure the scheduled day and time work with your schedule, if you need to change the appointment call our office and we will be happy to reschedule to a more convenient day and time. The deadline to report your perennial crops is November 15, 2016.

---

## Disaster Set-Aside (DSA) Program

FSA borrowers with farms located in designated primary or contiguous disaster areas who are unable to make their scheduled FSA loan payments should consider the Disaster Set-Aside (DSA) program.

DSA is available to producers who suffered losses as a result of a natural disaster and is intended to relieve immediate and temporary financial stress. FSA is authorized to consider setting aside the portion of a payment/s needed for the operation to continue on a viable scale. Borrowers must have at least two years left on the term of their loan in order to qualify.

Borrowers have eight months from the date of the disaster designation to submit a complete application. The application must include a written request for DSA signed by all parties liable for the debt along with production records and financial history for the operating year in which the disaster occurred. FSA may request additional information from the borrower in order to determine eligibility.

All farm loans must be current or less than 90 days past due at the time the DSA application is complete. Borrowers may not set aside more than one installment on each loan.

The amount set-aside, including interest accrued on the principal portion of the set-aside, is due on or before the final due date of the loan.

For more information, contact your local FSA farm loan office.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Dee Harbach at 307-886-9001 extension 2 or Federal Relay Service at 1-800-877-8339.
